

Agenda item for December 4, 2013 Council Meeting-Action

Supplement to Prisoners in Arizona

Time has passed and the data in the Prisoners in Arizona report could certainly use an update in its own right and to keep the AZSentencing.org site fresh.

APAAC contacted Dr. Fischer who is amenable to conducting an update:

- Raw data was acquired from ADC on CD for \$100 (representing the cost and the prep; this charge would apply to any member of the public who might request such information) through FY 2013.
- APAAC identified the crucial charts and information and provided Dr. Fischer with that list (effectively subtracting the trending analysis that, while interesting, is probably not vital to use of the data.)
- Fischer has done the preliminary work necessary to provide a cost estimate and begin the update in earnest. APAAC instructed him not to begin until we have a plan for compensation. He is very understanding and willing to work with us on terms for payment.
- Fischer's bid is \$13,000. APAAC does not have a line item in the budget for this cost.
